

10 DAY LEMOSHO ROUTE

The Lemosho route is regarded as one of the prettiest routes on Kilimanjaro. We begin from the west, trekking in the fertile rainforest until we reach the wildflowers of the heather ecosystem. Approaching from the west, we cross one of most beautiful areas on Kilimanjaro, the Shira Plateau, before traversing the mountain along the southern circuit.

DAY 1 Arrive anytime at your lodge in Moshi, Tanzania. With prior arrangement, airport pick up and private transfers to your lodge are available from Kilimanjaro International Airport (JRO), or simply make your own way by taxi. We will gather in the evening for a pre-climb briefing and an equipment check. We will also confirm you have the appropriate mandatory medical coverage and travel insurance.

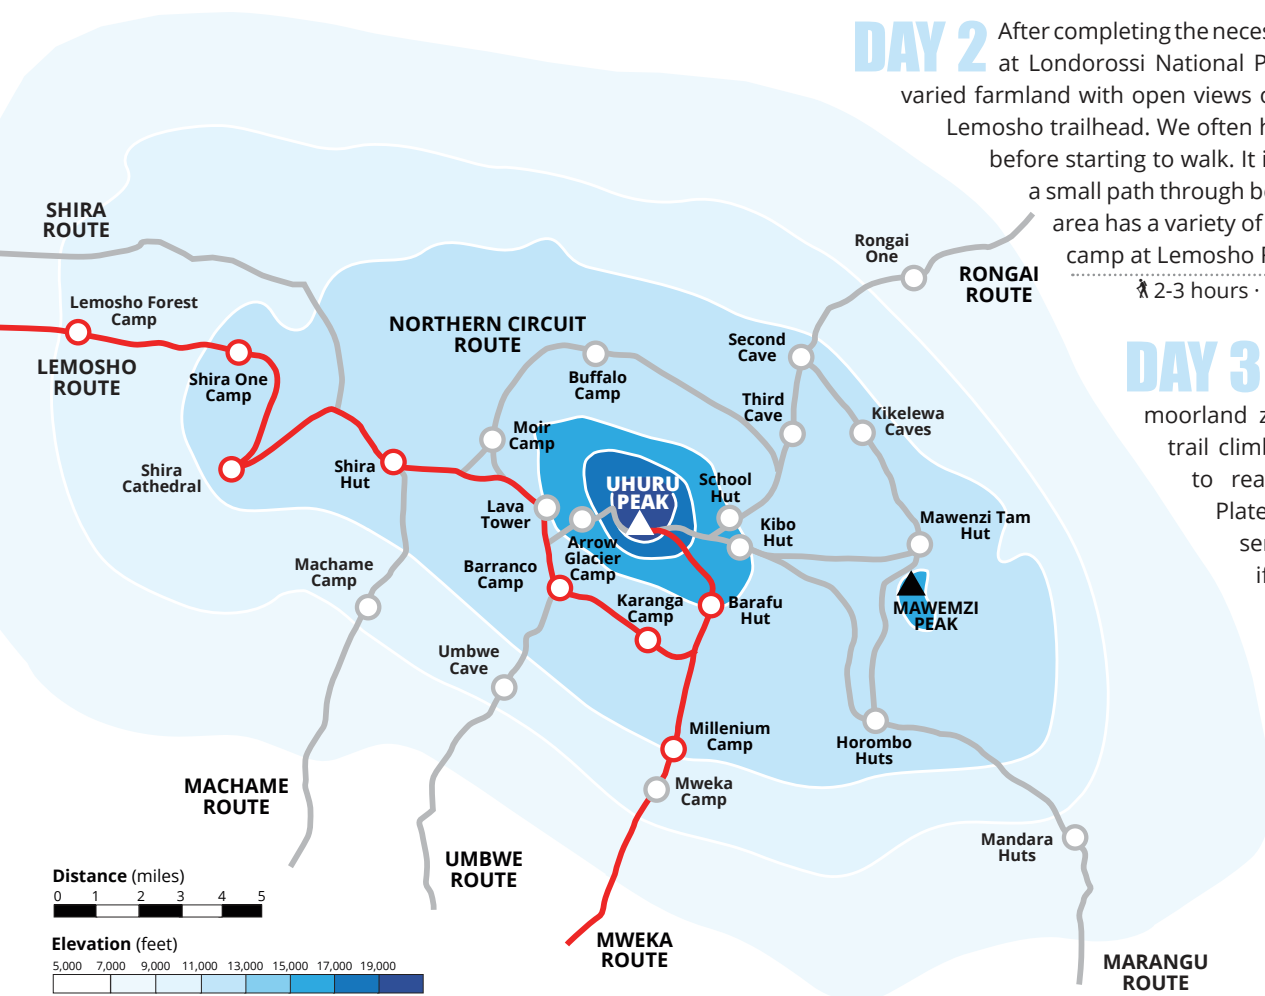

🚗 drive: 45 minutes

DAY 2 After completing the necessary registration formalities at Londorossi National Park gate, we drive through varied farmland with open views over the plains to reach the Lemosho trailhead. We often have our lunch in the glades before starting to walk. It is an easy day of walking up a small path through beautiful and lush forest. This area has a variety of game, including buffalo. We camp at Lemosho Forest Camp (8,600 ft).

🏃 2-3 hours · 2.9 miles · elevation: +1,700 ft

DAY 3 We soon leave the forest behind and enter the moorland zone of giant heather. The trail climbs steadily with wide views to reach the rim of the Shira Plateau. There is a tangible sense of wilderness, especially if afternoon mists come in! We camp in the center of the plateau at Shira One Camp (11,600 ft).

🏃 6-7 hours · 4.9 miles
elevation: +3,000 ft

10 DAY LEMOSHO ROUTE

Day 4 An easy day to help acclimatization and to explore the volcanic rock formations of Shira Plateau. We walk to the summit of Shira Cathedral (12,800 ft) before reaching the next camp at Shira Hut (12,600 ft). This campsite has stunning views, close to the glaciated dome of Kibo and the jagged rim of Shira Plateau. The view from here of Mt. Meru floating on the clouds is simply unforgettable.

⌚ 4-5 hours · 9.9 miles · elevation: +1,000 ft.

Day 5 A morning of gentle ascent and panoramic views, leaving the moorland plateau behind to walk on lava ridges beneath the glaciers of the Western Breach. After lunch at the Lava Tower (15,150 ft), we descend to the bottom of the Barranco Valley to camp at Barranco Camp (12,800 ft). It is sheltered by towering cliffs with extensive views of the plains far below.

⌚ 5-7 hours · 6.3 miles · elevation: +200 ft.

Day 6 A steep climb up the Barranco Wall leads us to an undulating trail on the south-eastern flank of Kibo, with superb vistas of the Southern Icefields. The terrain changes to scree, with pockets of lush vegetation in sheltered hollows. There is only a short distance to our camp at Karanga Camp (13,100 ft), which is the last water point on the way to the summit.

⌚ 4-6 hours · 3.2 miles · elevation: +300 ft.

Day 7 We follow an easy path on compacted scree with wide views that gains altitude unrelentingly to reach the Barafu Hut (14,800 ft) for lunch. There is a short acclimatization walk to the plateau in the southeast valley. The remainder of the day is spent resting to prepare for the early morning final ascent.

⌚ 3-5 hours · 3.4 miles · elevation: +1,700 ft.

Day 8 We start our ascent by headlamp about 1 a.m. so that we can be on the crater rim by sunrise. The steep climb over loose volcanic scree has some well-graded switchbacks and a slow, steady pace will take us to Stella Point (18,800 ft), in about five or six hours. We will rest there for a short time to enjoy the sunrise over Mawenzi. Those feeling strong can make the two-hour round trip to Uhuru Peak (19,345 ft), passing close to the spectacular glaciers that still occupy most of the summit area. The descent to Barafu is surprisingly fast. After some refreshments, we continue to descend to reach our final campsite, Millenium Camp (12,500 ft).

⌚ 11-15 hours · 8.2 miles · elevation: +4,545 ft. gain · -6,845 ft. loss

Day 9 A sustained descent on a well-constructed path takes us through a lovely tropical forest alive with birdsong and boasting lush undergrowth with considerable botanical interest. Our route winds down to the Kilimanjaro National Park gate at Mweka (5,400 ft); and on through coffee and banana farms to Mweka village, where we are transferred to your lodge in Moshi.

⌚ 4-6 hours · 7.6 miles · elevation: -7,100 ft.

Day 10 After breakfast, we can arrange for a private transfer or taxi to Kilimanjaro International Airport (JRO).

🚗 drive: 45 minutes
