

1 DAY SAFARI

ARUSHA NATIONAL PARK

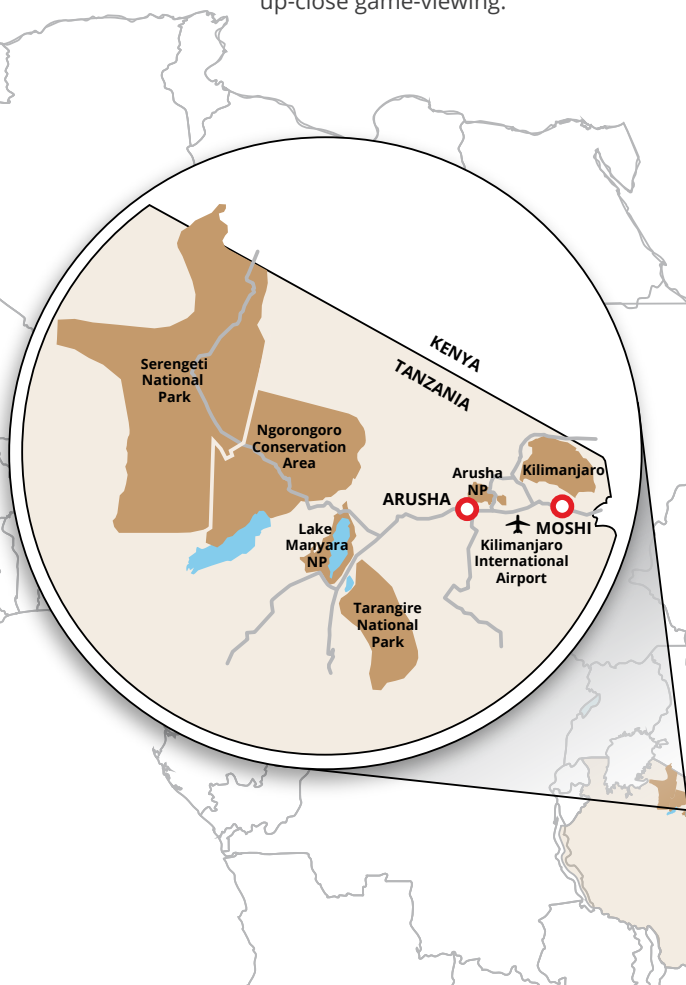

For those with only a day to spare, the one day safari is for you. There is no need to miss out on an authentic safari experience! This trip to Arusha National Park can be done before or after your Kilimanjaro climb. Just a short drive from Moshi or Arusha, the park is the ideal location for wildlife viewing on a day trip. Our expert safari guide will accompany you throughout the adventure in our well-maintained Land Cruiser with a roof hatch for up-close game-viewing.

DAY 1 We depart from your lodge and drive to **Arusha National Park**. The park encompasses the spectacular Ngurdoto Crater, the shallow Momella Lakes and the prominent Mount Meru.

Though smaller than the other safari parks, you will not be disappointed by the amazing views. Your safari will take place within the shadow of Mount Meru, Africa's second highest peak. You can stand in our comfortable safari vehicle to put you right in the action of the surrounding wildlife. Your journey will have you traversing the 53 mile park in search of all the animals that call the park home. Near the lake you can enjoy the herds of water buffalo and the endless waves of pink flamingos blanketing the shallow water. Arusha National park packs the animals into its 53 mile square park. Animals such as giraffe, zebra, colobus monkeys, leopards and hyenas. Enjoy a picnic lunch while gazing at the rolling hills and wooded savannahs of this national treasure.

At the end of the day, we return to your lodge* in Moshi, Arusha or with prior arrangements we can drop you off at Kilimanjaro International Airport (JRO) if your flight is after 7:00 PM.

*No lodging is included with this safari
