

LAKE MANYARA  
NGORONGORO CRATER

# 2 DAY SAFARI

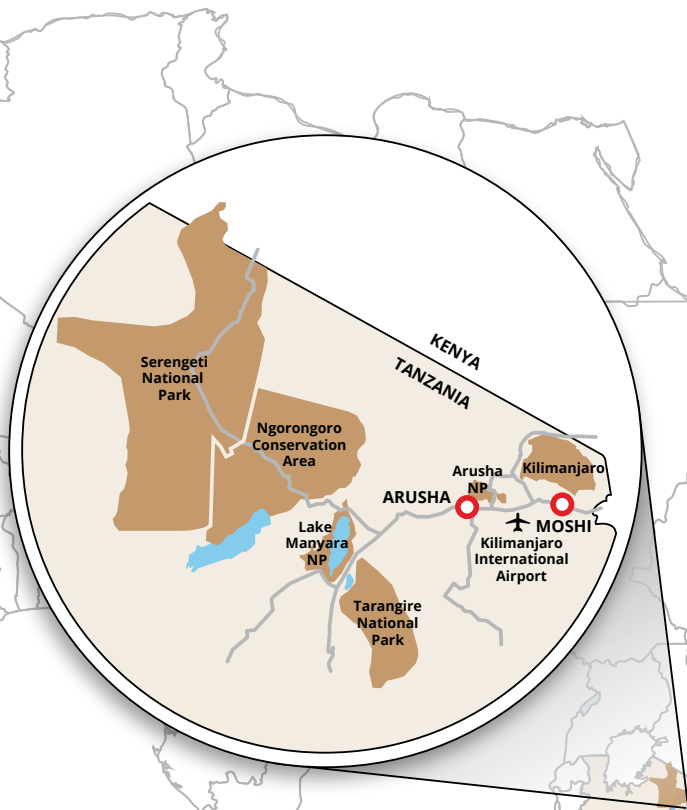

**O**ur two day safari packs in a lot of world class game viewing in a short period of time. Roam through two of Northern Tanzania's best parks—Lake Manyara National Park and the one-of-a-kind Ngorongoro Crater—which are sure to satisfy your wildest dreams. Relax and enjoy the ride in our well-maintained Land Cruiser with a roof hatch for up-close game-viewing. Our expert guides will do the rest.

**DAY 1** Our first stop is **Lake Manyara National Park**. Although small in size, this park is one of the most diverse reserves in the country. Lake Manyara covers two-thirds of the park. As we enter the park, in the distance, the wall of the Great Rift Valley stretches out for miles. In the foreground lies the giant fig and mahogany trees winding through and eventually giving way to vast grasslands that surround the lake.

Lake Manyara National Park is a birding paradise that has more than 350 species of bird. The park is also famed for its unique and elusive tree-climbing lions. Baboons, blue monkeys and vervet monkeys scurry endlessly among the low brush. Along the way, we will stop for a picnic lunch away from the tall grasses and dense trees to avoid any unwanted visitors. The safari's highlight is the drive along the banks of Lake Manyara where we can view buffalo, elephants, giraffes, flamingos and wildebeest. After several hours, we finish the loop drive and head to your lodge for dinner and overnight.

**DAY 2** We visit the largest intact volcanic crater in the world—the breathtaking **Ngorongoro Crater**. It is said that the crater used to be a volcano taller than Mt. Kilimanjaro, but when it erupted the cone collapsed creating the massive crater we see today. It is more than 2,000 feet deep and 11 miles in diameter. The Ngorongoro Crater has one of the largest concentrations of wildlife in Africa. 30,000 animals make their home in this crater, making it an ideal place for sightings of the 'Big 5' - lion, elephant, buffalo, leopard and rhino. This truly world-class attraction is known as the '8th Wonder of the World'. After several hours we depart Ngorongoro Crater for dinner and overnight at our lodge.

With prior arrangement, we can drop you off at Kilimanjaro International Airport (JRO) or we can book you an extra night lodging in Arusha.
